CABLE BILL AMENDMENT

HALF MILLION DOLLARS TO BE
APPROPRIATED.

President Will be Authorized to Make
Contracts for Building Line—To be
Under Government Control.

WASHINGTON, February 20.—Follow-
ing is the full text of Senator Per-
kins' proposed amendment to the sun-
dry civil bill providing for a cable from
San Francisco to Honolulu, as reported
from the Committee on Commerce by
Senator Hanna.

That the President of the United
States is hereby authorized to secure
such concessions, lands and rights as
may be necessary to enable the United
States to lay, maintain and operate a
submarine cable and connecting land
lines from the city of San Francisco,
Cal., to the city of Honolulu, in the Ha-
waiian Islands. And the President is
hereby authorized to make contracts for
the construction and laying of said
submarine cable, and in connection
with the installation and operation of
such cable system the president is au-
thorized to utilize, if consistent with
the public interest, the personnel and
resources of the Army and Navy, and
to employ such experts and other per-
sons as may be deemed necessary in
carrying into execution these pro-
visions.

That such cable shall be first class in
material, construction, equipment and
operation and capable of transmitting
not less than 120 letters per minute. It
shall be of American manufacture and
laid and maintained by ships flying
the American flag. That for the pur-
pose of carrying out these provisions
the sum of \$500,000 to be immediately
available of the moneys now in the
treasury of the United States is hereby
appropriated, and the President is au-
thorized to make contracts for the
construction and laying of said cable
for additional amounts not to exceed in
all—dollars, to be hereafter appro-
priated by Congress.

Senator Perkins' amendment as pro-
posed by him provides for the turning
over of the cable as completed in ap-
proximately 1905 to the Postmaster-General who is
authorized to fix rates for private mes-
sages and to establish a Pacific cable
fund. Provision was also made for ne-
gotiations looking to the establishment
of international and governmental ca-
bles with Japan and China. These
provisions were stricken out by the
Committee on Commerce, and the
amendment as quoted above is now in
the hands of the Committee on Approp-
riations.

gard to the proposed visit to Japan of

Yamaguchi and General Fukushima his
intention to visit the country early next
month, taking advantage of the present
cessation of hostilities in China. The
Japanese officers having communicated the
matter to the Japanese military au-
thorities, the latter have expressed
their willingness to give the German
Field Marshal every facility and con-
venience during his stay in Japan. On
the occasion of his arrival at Hiroshima
military officers will be sent from the
War Office and Staff Board for the
reception of the illustrious German
